

For Evening Hours The Rayo Lamp

Some of the sweetest hours of home-life are passed under the gentle, kindly light of the evening lamp.

If it be the Rayo Lamp, the light contributes an added charm—makes reading and sewing easy.

There are no aching eyes after reading or sewing under the rays of the Rayo Lamp.

The Rayo Lamp diffuses a steady white light. It is the least trying of any artificial light. Made of brass, throughout—nickel plated—improved central draught burner.

The Rayo is a low-priced lamp, but you cannot get a better lamp at any price.

HARBOR, RIVER AND MARINE NEWS

Shipping Transactions and Notes of Interest Along the Bay Front

No arrivals were reported yesterday, but the steamship Chuden, which has been reported at Tampa, is on the way to Pensacola and was expected to have arrived by nightfall. At dark the steamer had not been sighted. The Chuden upon arrival will be berthed at the east side of Muscogee wharf, where cargo will be started and where a bunker supply will be taken on. The steamer left Cardiff Oct. 24 for Para, and thence sailed for the United States, touching at Tampa for orders. Cargo for the United Kingdom will be loaded at Pensacola.

Two Steamers Leave.
Two big vessels steamed out of the harbor yesterday, both of them bound for New Orleans. The big Atlantic, which loaded part cargo at Muscogee wharf and part in the stream, steamed out of port about dark, while the Manchester Spinner, with cargo for New Orleans from Europe, left at 4 o'clock for the Crescent City. This steamer may later return and take cargo for Manchester.

Finished Rail Cargo.
The British steamship Catherine, loaded with rails for South America, vacated her berth at the east side of Tarragona wharf at 11 o'clock yesterday morning and steamed under the coal chutes to fill her bunkers. The steamer will leave for the south this morning.

Vessels Shifted.
The steamer Gothlands was shifted from the stream to the west side of Muscogee wharf yesterday to complete cargo.
The Uruguayan steamship Brasile, no, lately moored in the railroad warehouse, will today be steamed over to Muscogee wharf and will continue cargo there. Rapid work in filling this vessel has been noted on the docks.

The British steamship Parkhaven, which has loaded a very high deck cargo in addition to many thousands of superficial feet of timber and lumber in the hatches, is ready for sea, and will probably move into the stream today, preparatory to getting away to Buenos Ayres.

The Correct Time
to stop a cough or cold is just as soon as it starts—then there will be no danger of pneumonia or consumption. Just a few doses of Ballard's Horehound Syrup taken at the start will stop the cough. If it has been running on for sometime the treatment will be longer, but the cure is sure.

BOY ARRESTED FOR BAD CHECK

ROY STAUNTON, M'DAVID, FLA., VISITOR, SAID TO HAVE UNLOADED WORTHLESS PAPER UPON AT LEAST THREE BUSINESS MEN.
Roy Staunton, a visitor from M'David, Fla., and a young man well known in the city, was placed in the county jail at 3:30 o'clock yesterday afternoon for having, it is alleged, unloaded some worthless checks upon at least three business men in this place. The checks were made out on the paper of the Bank of Pomona, and when offered by the young man, who was in the city for several days, they were accepted. When deposited in the local banks and by them sent on to the bank on which they were drawn, they were all returned with the N. C. or No Funds mark on them. Then, simultaneously, the matter was reported to the sheriff's office by the alleged victims. Deputy Nichols, who received the message from Jas. Durham, one of the men who accepted one of the checks, was the first to communicate with the sheriff's office. As soon as he mentioned the fact that Staunton had passed the check, the deputy named told Mr. Durham that he would have the man before Durham could leave the city. Deputy Nichols went out and found Staunton at the corner of Palafox and Romana streets, placing him under arrest at once. At the county jail two half-filled bottles of whiskey were taken from him, besides a book and a number of other articles. The charge placed against him on the blotter was that of forgery, but this will be changed, it was stated, when the county solicitor makes an investigation, which will be done early in the week. The case was made against Staunton in the county judge's court. Two other men who are alleged to have been duped by Staunton are Mitch Jacoby, a saloon man near the depot, and H. F. Brant, who is the owner of the lunch stand at the union depot.

A sprained ankle will usually disable the injured person for three or four weeks. This is due to lack of proper treatment. When Chamberlain's Liniment is applied a cure may be effected in three or four days. This liniment is one of the best and most remarkable preparations in use. Sold by all dealers.

**WILL LISTEN FOR THE
ROUND-THE-WORLD MESSAGE**
Local telegraph men are going to listen tonight at 11 o'clock for the round-the-world message, which the naval observatory, in connection with the hydrographic office, starts on the "world-circling trip at midnight on the last day of each year, just to learn if a message can be sent uninterrupted around the world. It is expected that, considering the difference in time between this place and Washington, the message, if heard at all, will be clicked off by 11 o'clock tonight. There will be no acknowledgment of the message. It is stated that the message has never made the globe-circling journey in less than eight minutes.

"A Little Home of Your Own"

A little house of one's own is far more enviable than paying rent for a palace belonging to another. Our popular plan of loans is so liberal that it places it in the power of the rent payer to become the owner of a home at a cost within his means.
If you want money to buy or build a home, or to improve vacant lots, or other property, come let's talk it over. We've helped hundreds like you on the road to independence in our twenty-two years of successful business in Pensacola.
